

FOREST BRIDGES

The O&C Forest Habitat Project, Inc.

Executive Director

Forest Bridges (www.forestbridges.org), a Nonprofit Public Charity is proud to announce the recruitment of our nonprofit's first Executive Director. We seek a dynamic and charismatic individual to champion our vision to achieve breakthrough change in natural resources management for Western Oregon's O&C BLM forest lands. This includes the development, refinement and implementation of Forest Bridges' [Agreements and Guiding Principles \(Agreements\)](#) around forest management and barriers to management. Position and organization responsibilities also include tribal and public stakeholder engagement, cultivating new community support through [Friends of Forest Bridges](#), the development of policy papers that relate Forest Bridges' Agreements to both scientific and cultural literature and knowledge, as well as development, protection and compliance with grantor requirements related to financial assets.

A successful candidate will be a strong leader with a collaborative style that embraces multiple viewpoints, inspires trust, and motivates others to join. They also will embrace the Forest Bridges Agreements. They will possess the vision necessary to grasp and run with the short- and long-term visions of Forest Bridges, use connections to build coalitions of supporters, and engage tribes, counties other community leaders and the public regarding the management and barrier challenges affecting the O&C BLM lands in Western Oregon. They will be viewed as a person who is neutral and does not have a history of advocacy that could become a deterrent to trust. They will have field-tested experience in numerous phases of Forest Bridges' work, as well as experience with non-profit management. This wide-reaching work will benefit from either an emerging leader or a seasoned veteran.

Forest Bridges Information:

Forest Bridges' mission is to bring people together to embrace sustainable forest habitat management solutions exclusively for Western Oregon's O&C BLM forest lands. Our vision, embraced by our Friends (who accept the basic [Agreements of Forest Bridges](#)), is to develop and promote active 21st century forest management policy, address barriers to management, improve forest health, fish and wildlife habitat, improve fire resiliency, and combat climate change. Our Agreements apply solely to the 2+ million acres of checkerboard ownership of O&C BLM lands in Western Oregon. They envision a light touch over the long term to sustain diverse wildlife and plant habitats while integrating native culture and practices relevant to today's environment, as well as the laws governing the O&C counties.

Long term, Forest Bridges envisions being an enduring, inclusive, public, tribal and county collaborative that supports the BLM and other Federal agencies in developing scientific, cultural and forest policy practices for these lands. Through the continuing development of Agreements and the results of continuous monitoring and evaluation, the Forest Bridges Collaborative will recommend new and adjusted management practices, rules and laws to further address barriers to management over time as conditions change.

Preferred Qualifications:

- Ten years of relevant experience and recognized stature -- in forest policy development, active forest/land management, nonprofit administration or development in a related natural resources field -- to carry the vision of Forest Bridges forward
- Ability to represent the broad scope of the organization's mission, which encompasses many stakeholder interests
- Ability and experience gaining the trust and developing positive outcomes with stakeholders of different viewpoints, meeting together
- Strong preference toward an individual who can lead in a nonprofit organizational setting, including fundraising and grants
- Working experience with tribes
- Strong leadership and collaborative skills with ability to recognize blind spots, inspire others and capitalize on their strengths
- Collaborative leadership style among diverse interests while being sensitive to the needs of historically and presently disenfranchised or vulnerable groups and dedicated to more inclusively engaging rural communities of Western Oregon

Essential Functions:

- Responsible for overall management and day-to-day operations of Forest Bridges. Facilitate and support the Board's collaborative direction RE the Forest Bridges Mission, Vision and Agreements
- With the Board, identify and develop strategy that will lead to the implementation of the Agreements of Forest Bridges, both forest management strategies and barriers to implementation
- Lead engagement, build relationships, maintain trust and coordinate efforts with conservation, recreation and business interests, Oregon tribes, the O&C counties, lawmakers, nonprofits, agencies, scientists and the public
- Lead the staff in responsibilities that include forest policy development, documentation of Agreements in policy papers, coalition building and attracting [Friends of Forest Bridges](#), Western Oregon community engagement, stakeholder communications
- Develop and harness the power of Forest Bridges' diverse advisory and expert groups
- Maintain relevant communication with the BLM and other federal agencies

- Regularly produce, with staff, materials for newsletters, in-person meetings, other print and virtual communication to inform diverse populations about Forest Bridges
- Competent Financial Manager: develop, administer, and monitor the comprehensive budget containing multiple grant awards, individual and corporate donations
- Lead and engage the Board in individual and corporate fundraising
- Oversee and manage grant writing, coordinate with a Development Director for grants, and develop and maintain relationships with grantors and other key funders
- Ensure fiscal and programmatic compliance, including grant administration, lead, and identify/develop opportunities to transition to federal funding
- Administer all public charity 501(c)(3) and 501H election administration and reporting requirements, including the Form 990 submission and financial controls, in coordination with contracted financial professionals
- Basic human resources functions including recruiting, hiring, training, supervising, and evaluating Forest Bridges' staff and consultants, with the support of an HR firm
- Create an inclusive and equity-based environment
- Engage in ongoing conversations regarding policy, management, habitat, climate and other emerging issues that keep this collaborative initiative future-focused
